EDITOR'S NOTE

Re-branding this publication from *Hockey Hot Dish Magazine* to SORUM was the hardest job I've ever had. So proud of the team that took this concept, this lifestyle, this vision, and grew it into the curated lifestyle magazine you're holding in your hands today. I want to thank the design team and columnists for seeing this through.

THE ART OF REST

Artfully curated sleep experiences are an important part of a SORUM curated life.

Here's some tips from our expert sleep team:

Pick clothing that mimics in all ways the iconic rest accoutrement; sleeping bag. Do this and you've got a bed anywhere you go.

Wear your pajamas under your clothes and you're one step closer to that beauty sleep that you crave.

Our favorite cocktails for the summer are dirty and bottomless.

Dig around in your cabinets, there's bound to be a jar of olives somewhere.

DEAR SORUM

Dear SORUM,

He says he's my best friend but I am starting to wonder... does he only want me for my food?

Hungry in Healy

Dear Hungry in Healy,

He likes burgers, you like burgers.

We don't see a problem here, friendship's still on.

where the art is

there's an art to always being where the art is, but never making the art. Neither muse nor artist, this liminal state allows for the true appreciation of this astral timeline. Add this to your self-care practice!
